DROWNS CHILD; TRIES SUICIDE.
Parent Pulled From River Claims to Remember Nothing.

Pittsburg, Oct. 3.—Patrick Coyne last night threw his 3-year-old son over bridge into the Monongahela river and followed after him in an evident attempt at suicide. The boy was drowned, but the father was rescued in an unconscious condition. Upon regaining his senses he said he was drunk and remembered nothing.

F. O. LOWDEN FOR HITT'S PLACE

Nominated at Freeport for Short Term in Congress.

Freeport, Ill., Oct. 3.—Frank O. Lowden, who was some time ago nominated for the long term in congress, today received the Republican nomination for the short term, to fill the vacancy caused by the death of Robert R. Hitt.

TEDDY JUNIOR

MIXED UP IN A GRAND JURY INQUISTION.

One Companion Under Arrest and He Is Summoned to Give Testimony in Boston.

Boston, Oct. 3.—Further investigation by the Boston police and action today by the grand jury in connection with an assault on a policeman on Boston common last Thursday evening, in which Theodore Roosevelt, Jr., was involved resulted in the arrest in Cambridge of Shaa Kelley, of Pittsburgh, a companion of young Roosevelt and president of the sophomore class of Harvard.

Kelley was arrested on a warrant issued by the municipal court of this city, charging an unknown person with an assault upon a police officer. He was taken to the Cambridge police station, where he furnished bail, and tomorrow will appear in the municipal court of this city for a hearing.

Kelley was arrested while two officers of the Boston police force were serving summons on young Roosevelt and Meredith Baden, another Harvard student, to appear as witnesses in a grand jury investigation.

Young Girl a Suicide.

Morgantown, Ky., Oct. 3.—Because her parents refused to allow her to visit friends, Ethel Lykens, 17 years old, committed suicide with morphine.

SANITATION

IS GIVEN ATTENTION BY SECRETARY TAFT.

Six Isolated Cases of Yellow Fever Discovered — Cause General Uneasiness.

Havana, Oct. 3.—The yellow fever situation is causing considerable anxiety. Six cases were discovered in scattered localities. Gov. Taft is giving much attention to having the camps of marines as well as the city generally placed in a sanitary condition to reduce danger from disease to a minimum.

PASTOR ARRESTED AS THIEF

Colored Minister of Baltimore Accused of Stealing a Watch.

Baltimore, Oct. 3.—Rev. Joseph Carr, the colored pastor of the Union American African church, was arrested upon the conclusion of his sermon this morning on the charge of theft. The prosecutor is Joshua Wells, a member of his congregation, who lost his watch, and accuses his pastor of having stolen it. Carr strenuously denies the charge and says he can prove his innocence. He is a graduate of Lincoln College and a veteran of the Spanish-American war. He will have a hearing tomorrow.

HURLED FROM SEATS.

Were Passengers When Trains Crashed Together.

Chicago, Oct. 3.—Two persons were fatally injured and a score hurt at Highland Park today when a fast mail train of the Chicago Northwestern railroad crashed into a freight madding on the main line. Passengers were hurled from their seats and many were rendered senseless.

It is the daily average circulation of a newspaper that the shrewd advertiser investigates— "High Water" days don't count. The Sun's daily average last month was 3039.

WILL NOT CHOOSE MAGOON FOR CUBA

President and Judge Talk Over Situation.

Trouble Is Feared in Guantana Province, Where Insurgents Will Not Yield.

TROOPS ARE MOVING TO COAST.

Washington, Oct. 3.—President Roosevelt had a long conference with Judge Magoon today, at the close of which it was announced that the president decided not to send Magoon to Cuba, as contemplated. Beekman Winthrop, recent governor of Porto Rico, probably will be appointed governor of Cuba, as he was recommended by Secretary Taft. Judge Magoon will proceed to the Philippines, where he will become vice governor.

Trouble Is Feared.

Havana, Oct. 3.—Serious trouble is threatened over the disarmament of insurgents, which began to الاسترئ today. Precautions are being taken by the provincial government, however, to see that little opportunity is given the insurgents to get out of hand. At Guantana the situation is said to be serious. The insurgents refused to lay down their arms and marines will be sent there. It is believed the trouble will not come to open fighting between the rebels and Americans. Many insurgents have offered to give up their arms, if General Castillo so orders. He has not yet arrived at the scene. Hundreds of marines are being dispatched to various points throughout Pinar del Rio province.

Six Trains From Chicago.

Chicago, Oct. 3.—Six trains, carrying the First battery and the Twenty-seventh infantry, en route to Cuba, left Fort Sheridan today. The battery goes to Tampa, the infantry to Newport News.

6000 LOGS

KITCHEN UTENSILS AND TWO-MASTED SCHOONER.

L. & N. Line Above Mobile in Wonderful Tangle—Loss in City About \$1,000,000.

Mobile, Ala., Oct. 3.—With telegraph wires working in sufficient numbers to carry all business, with all railroads in operation except the New Orleans division of the Louisville & Nashville, business conditions are now almost normal.

It is impossible to convey to anybody who did not see it an adequate conception of the condition of the track, even as late as last Saturday. Some faint idea, however, may be obtained from the fact that on only two miles of track just north of here lumbermen estimated that more than 6,000 logs were piled across the rails. Besides this there were also the debris all sorts of articles, from tin cans to two-masted schooners, and from dead chickens to live cows, which had been washed clear across the Mobile river from nobody knows where.

In addition to this, the roadbed in many places was gone and in the section of the country which is all swamp and bayou roadbeds like steel rails, must be imported.

The loss in this city is estimated at \$1,000,000. Proportional reductions are made in reports from places visited by the gale. The total loss of life has not been more than 100, but it is not possible even yet to give a correct aggregate.

117 DEGREES IN LOS ANGELES.

Hottest Day of Year Recorded in the California City.

Los Angeles, Oct. 3.—It was the hottest day of the year here yesterday. At 12:30 p.m. 105 degrees were recorded in the shade on the top of the Los Angeles Trust building, 117 degrees in the sun at the same elevation, and 112 degrees in the shade at the street level. The intense heat wave has prevailed since Saturday night and threatens partial ruination to the wine grape crop of this section of the state, according to the growers.

BRIEFS FILED

In the Suit Against So-Called "Drug Trust."

Indianapolis, Ind., Oct. 3.—The brief for the complainant in the case of the United States of America against the National Association of Retail Druggists and others was filed in the United States circuit court this morning. The case is commonly known as the suit against the "Drug Trust" and was brought under the act of July 2, 1890, commonly called the Sherman law. It was brought to enjoin the defendants from their alleged combination in restraint of trade. The brief asks for oral argument as had the defendants in the case who had demurred to the bill of complaint.

INCREASE SALARY OF CIRCUIT JUDGE

Urged By Representatives of Of McCracken Bar.

Bill Was Passed at Last Session Permitting This County to Add to the Pay.

COURT WILL THINK IT OVER

This morning Circuit Judge William Reed appeared before the fiscal court and asked that he be given an increase in salary of \$1,200 per annum. He gets \$3,000. Attorney Charles K. Wheeler, John G. Miller and James Campbell, Sr., spoke, urging the board to grant the request, citing the economy in time the judge practices. The board deferred action until the next term.

This afternoon the session opened with the report of the county treasurer, James C. Utterback, on the funds. The balance are as follows:

They run from April 2 to date.

Road and bridge fund, \$7,316.62.

Sinking fund, \$84,984.54.

County levy fund, \$2,906.33.

They Overpowered Him and Made Their Escape Through a Window of Jailer's Office.

RECOMMEND LICENSING VICE

Grand Jurors in Philadelphia in Report Also Favor Segregation.

Philadelphia, Oct. 3.—A wholesale jail delivery occurred this morning at the county jail. Eight prisoners, among them being several ex-convicts and desperate characters, escaped into the county after overpowering Turnkey Calvin. When the turnkey opened the corridor and placed the men in cells, he was seized and overpowered and his gun taken. Then he was thrown into an empty cell and locked in. The prisoners gained the jail office downstairs and escaped through a broken window.

REGISTRATION IS LIGHT OVER CITY

Officers Fail to Appear in Many Precincts.

Number of Voters Recorded as Compared With Last Year Shows Falling Off.

BOTH PARTIES ARE AFFECTED

With rainy weather and apparently little interest in the election the registration yesterday fell off 748 from last year with one precinct (Diegel's) missing. On account of the slow manner in which the books were returned today it was impossible to foot the party vote, but statements of the officers are that there is little change in the ratio of last year. There were 2,064 voters registered in nineteen precincts, as compared with 2,812 last year.

There will be a supplemental registration at the same places Tuesday, October 16.

The registration in the seventeen precincts was as follows:

ENTERTAINMENT ACROSS THE RIVER

Community of Interests Between Two Cities Defined By This Social Visit.

CORDIAL RECEPTION GIVEN.

(Staff Correspondence.)

Elbert Hubbard has delighted thousands with his "Little Journeys," but it may be wagered that the trip of forty-six Paducah business men to Metropolis last evening, which Mr. F. L. Scott arranged, and named a "Little Journey to Metropolis," long will remain a subject of fond retrospection for every man who went.

It was a breezy trip from the time the steamer George Cowling left the city wharf at 7 o'clock till it returned at 11:45. Metropolis met us with outstretched hands and waved merrily when we left. The spirit of the trip was one of jollity and the evening was replete with incidents both amusing and vital.

The vital part was when, after a speech by Mr. Mark Wyman, chief engineer of the surveying party of the New York Central, in which he said a railroad was assured into Metropolis and across the river into Paducah under certain conditions, Judge T. Lightfoot who spoke next, said that a railroad was assured beyond the shadow of a doubt.

The incident of next importance in an evening filled with saucy narration, was a little act of spontaneity and originality by Mr. Frank L. Scott. At the close of the speaking, Capt. J. F. McCartney opened the books of the Metropolis Commercial club for new members from the citizens present. Eleven responded. Then Mr. Scott rose and asked permission to have his name enrolled on the books of the Metropolis Commercial club as a member. It so clearly was the right thing done at the right time, that a burst of applause which exceeded in enthusiasm any before given, broke forth. Messrs. W. P. Illumen, W. D. Coons, H. C. Rhodes, Sol Dreyfuss, Ben Wellie, J. W. Wallerstein, L. W. Henneberger, R. T. Lightfoot and H. A. Petter followed suit.

But to get back to railroads. In a quiet and earnest talk, Mr. Wyman urged co-operation both by Metropolis and Paducah toward securing a railroad, and asserted that the New York Central would come through into Paducah provided, not that a cash bonus was given, but only that a fair opportunity to get business was afforded the road when it did get built. He said the line would come from Chicago and that it would cross the Ohio river at some point between Louisville and Cairo and that if we desire to have it cross here, which would suit the company he represents, we must extend the hand of equal treatment and make it possible for them to build the road in a reasonable cost. For councils to refuse terminal facilities and franchises; for property owners to hold up the railroad for exorbitant prices for right of way; and finally, for the business interests to be indifferent in giving the new road business, would inevitably stifle the plans to cross the river at this point.

Judge Lightfoot in a reminiscent talk of some length, made the assertion before mentioned, that a trunk line was coming across at Metropolis whether or no. He said that audience was the first party that had heard him make the assertion.

Capt. J. F. McCartney opened the meeting and suggested Judge J. C. Willis as chairman. Mr. Allen Barkley spoke first and dealt with the value of immigration to us in the past, and that it would be valuable now. He caused amusement by saying that Paducah had an indissoluble bond of friendship with Metropolis because so many of our citizens had been married there.

THREE BETWEEN CITIES.

In a conspiracy made on the boat coming down, the program was remade placing on it men who had not been notified to prepare speeches. This caused the expected amazement, but the extemporaneous speeches were well received. Mr. Sol Dreyfuss plead for co-operation between Metropolis and Paducah whose interests were in common. F. A. Trousdale, editor of the Metropolis Herald, said now was the time to net to get results and that we had been indifferent too long. Mr. H. C. Rhodes emphasized the value of immigration to both cities. Mr. W. P. Illumen excused the absence of President J. L. Friedman, who unavoidably was detained, and threw in a "boost" for the horse show. Mr. McCartney in his address of welcome gave the keynote of the evening as "co-operation" between the two cities.

When the Paducah delegation entered the county court room the citizens present vacated their seats giving the central portion to the visitors. After the speaking the party adjourned to the State hotel where refreshments of cream and cake were served in the dining room. Many of the guests registered by request.

A lesson in hospitality could be learned last evening by Kentuckians. All arrangements for receiving and handling the party were adequate and thorough. Capt. J. F. McCartney made an admirable host. Even the newspaper men who accompanied the party had been thought of, a sure evidence of thorough preparation. A railroad may result from last night's meeting, but the consensus of opinion was that the greatest gain had been made in the esteem mutually aroused in both parties. "The tie that binds," was laid bare.

Moot Court.

The Paducah Military band accompanied the party. The Metropolis Concert band met them at the wharf and escorted the party to the court house. On the trip down, a mock trial was held at which Judge Lightfoot presided. Mr. Mike Michael was accused of having given Mr. Scott a two-dollar bill and demanding three dollars in change besides paying a dollar for a ticket. Mr. Barkley was appointed for the prosecution and Mr. Will Hummel for the defense. Numerous witnesses were introduced who were fined by the court for contempt, the Judge was impeached, the witnesses agreed to swear to anything and disagreed on everything. The case came to that place where it would have taken a Philadelphia lawyer to find head or tail to it. As the boat only was going to Metropolis, it was decided to make the prisoner drink a bottle of something, which caused such a stampede of the jury and witnesses to partake of the sentence, that the court adjourned in disgust.

On the trip back a business session was held in the cabin to secure volunteers for committee work during the convention. It is necessary to meet trains and boats and the attendance of every business man in the convention was urged. The party disbanded at Fifth and Broadway after an evening which combined business and pleasure in a greater degree probably than any other evening in the history of the city.

In the party were:

W. D. Coons, secretary of the Commercial club; D. D. Koger, George Rock Shoe company; J. A. Bauer, Paducah Pottery company; Sol Dreyfuss, Dreyfuss, Well & company; John Hinkley, Thompson, Wilson & company; Alben Barkley, attorney; Douglas Nash, Mengenthaler-Horton Basket company; J. W. McCloy, Paducah Traction company; John Rock, Paducah Furniture company; W. T. Iteld, Hank & Davis; J. V. Hardy and W. T. Hardy, Hardy Buggy company; O. B. Toof, Cohnkens Manufacturing company.

DINED WITH JACKIES.

Barnstable, Mass., Oct. 1.—With one detachment of American marines landed in tuba and a force of several thousand marines and sailors preparing to follow to uphold the authority of the United States over the troublesome island, President Roosevelt today went out of his way and paid the enlisted men of the service an honor which has no precedent in history. The president, in making a visit to the North Atlantic fleet off Cape Cod, insisted in sitting down to dinner on the battleship Misawa with the jackies and marines, partaking of the simple fare of the forecastle.

REVOLUTIONISTS ACTIVE.

Laredo, Texas, Oct. 2.—The customs guard at Nuevo Laredo, Mexico, received orders to provide themselves with horses for mounted service at once. Five hundred soldiers are being sent there. It is reported that 500 revolutionists are in the vicinity. Eighty are armed.

William Allen White on Success. "Success in life is service to one's fellows," writes William Allen White in the American Magazine for October.

OVER THOUSAND PLEDGED TO COME

The Immigration Convention Round Up Shows What Has Been Done in Advance.

EVERY SECTION REPRESENTED.

To give an idea of the interest shown in the Immigration convention, inaugurated by the Paducah Commercial club, over 1,200 delegates will be in attendance at the convention on Thursday and Friday. The mayor of Marion, Hon. J. W. Bline, appointed a delegation of twenty, and Thomas H. Cochran, president of the Clinton Commercial club, of Marion, has appointed a delegation of ten, making thirty from Marion. The mayor and president of the Commercial club say the delegation will be considerably in excess of this number.

From Murray, Hon. E. A. Hughes, mayor, has appointed 100 delegates, and a recent visit there has shown that their delegation will be over one hundred strong.

Following are the delegations:

The Kuttawa Commercial club, 50; the citizens of Benton, 30; Maxon's Mill, 75; Melber 25; Clifton, 16; Brumfield, 8; Princeton, 15; Wickliffe, 60; Eddyville, 14; Heights, 20; Bayou, 10; Joy, 5; Carrollton, 6; Pinckneyville, 7; Birdsboro, 4; Calvert City, 9; Smithland, 5; Mayfield, 32; Oscar, 14; Salem, 3; Hampton, 3; Keiv, 60; Milburn, 20; Graves County, 38; Tillie, 3; Cairo, 25; La Center, 35; Barlow, 40; Lone Oak, 30; Metropolis, 100; State Line, 30; Bardwell, 5; Lamasco, 4; Albany, 3; Dexter, 2; State board of agriculture and statistics, 8; Louisville Commercial club, 5; Ida, Ky., 10; Bowling Green, 5; Henshaw and Paducah, 200.

HEART BREAKER

WAS THIS TOO ARDENT CLERK OF BIG DEMOCRATS.

Woodson's, Pugker's and Taggart's Man Arrested for Marrying Too Much.

New York, Oct. 2.—Eugene C. Flagwell, wanted in Kansas to answer a charge of bigamy, who, under the alias of John J. Brown, is said to have tampered with the affections of about a hundred young and innocent women hereabouts while he served as confidential secretary of ex-Judge Alton B. Parker, is recovering from the injuries he received by leaping headforemost from a Broadway car in a desperate effort to escape his captors, and will begin to fight extradition tomorrow. Armed with the indictment the sheriff of Oswego, Kas., has started for this city to get the prisoner.

The rapidity with which Bagwell, under the cognomen of Brown, could woo and win the gentle sex, as indicated by his great collection of love letters, was something remarkable. A glance, a brief chat and a lovemissive was all that Brown seemed to need to capture a heart.

He first obtained a clerical position in the Westinghouse company's office and later held positions with Tom Taggart, Frey Woodson and Judge Parker.

NEW NAME

Given Old Brotherhood of Railway Firemen.

Yesterday in Milwaukee the annual convention of the Brotherhood of Locomotive Firemen came to a close and the Brotherhood of Railway Firemen is a sibling of the post as far as the name is concerned. One of the most important actions taken in the windup was the changing of the name of the order and hereafter it will be known as the Brotherhood of Railway Engineers.

CIRCUIT QUARTERS

BURNED WITH ANIMALS—WORK OF REVENGE.

Geneva, Oct. 2.—Walter Main's circus quarters were burned to the ground this morning. An unknown man lost his life. The fire was incendiary. Yesterday there was trouble among the men, some claiming they had not been paid. All the show animals, excepting a bear and four elephants and three horses were created.

New York, Oct. 2.—The transport Sumner sailed from Brooklyn today with 200 regulars for Cuba. It will be the first detachment of the American army in Havana. The Sumner also carried four companies of engineers.

THREE NEGROES KILLED.

Mill Operatives Shot Them From Moving Train.

West Point, Ga., Oct. 1.—Three negroes were killed and another probably fatally wounded by a party of mill operatives last night, who fired on the negroes from a moving train. The whites had trouble with a negro earlier in the day. When they saw him talking with others, they fired on the party.

COTTON MANUFACTURERS

In England May Raise Price of Their Product.

London, Oct. 2.—Probability of a shortage in the cotton crop in America is causing much anxiety among manufacturers here. The price of manufactured articles are to be raised accordingly.

MAYOR PROCLAIMS THE CONVENTION

ALL PREPARATIONS ARE NOW COMPLETED AND RAILROAD MEN HAVE BEEN INVITED.

IMMIGRATION HAS THE FLOOR

Pins for the immigration convention are practically carried out and now the weather man is looked to for comfort. The promoters have done all they can. They have acquired the personal promises of nearly 1,000 delegates to attend and more than that number are expected.

All of southwestern Kentucky and southern Illinois will be represented in the meeting Thursday and Friday. Governor Beckham, Senator McCreary, Commissioner of Agriculture Vreeland and the board, representatives of the Louisville Commercial club and F. M. Sargent, commissioner of immigration, are coming.

The last invitations to be sent out were sent today to railroad officials. They were President Thomas and officers of the Nashville, Chattanooga & St. Louis; Vice President Harran, of the Illinois Central; President A. H. Davidson, of the Frisco, with B. Schulte, industrial commissioner, of the same line; L. Willard, second vice president of the Burlington, and E. C. Calvert, its chief engineer.

Mayor Yager has signed a proclamation requesting all business men and citizens to decorate their stores and offices and houses in honor of the immigration convention and the horse show.

IN HOMESPUN

OUR OLIE WAS CLAD AT BENTON THIS MORNING.

Left His English Clothes and Accoutrements Home and Talked Crops With Farmers.

Clad in homespun the antithesis of that photographic vest and its setting of English tweed, which the tall, commanding from the First district wore home from London this summer, and finding his "H's" well accustomed readiness, Olie James addressed the dark tobacco growers of Marshall county at Benton this morning.

It was county court day and the association took advantage of the occasion to hold a rally. Olie James and Gen. N. B. Hays took advantage of the rally to get the ear of the populace. General Hays spoke this afternoon.

ZONE WELL GOVERNED.

Governor Magoo Returns Today From Panama.

New York, Oct. 1.—Gov. Magoo, of the Panama canal zone, arrived on the steamer Panama from Colon this morning. Magoo said he will not return to the Isthmus, but declined to confirm the report that he is en route to the Philippines. He said work on the canal is progressing as well as could be expected. He said he could safely say the zone is as well governed as any locality in this country.

BLACK HAND.

Throws Bomb in New York, But No One Is Killed.

New York, Sept. 29.—Salvador Campisi, a wealthy Italian and the family narrowly escaped death last night by a bomb. While they were at dinner a bomb was thrown through the skylight of an adjoining room.

The house was wrecked. Police say it is another "Black Hand" mystery which will never be solved.

WILL BLOW UP COACH.

Kingsford, Okla., Oct. 2.—The smoking car of the Rock Island passenger train, which plunged into Cimarron river near Dover, September 18, will be blown up with dynamite. The bodies of several persons are believed to be in the coach, the interior of which is inaccessible on account of the water.

BRICK AND SEWER PLANT BURNS.

Zanesville, Oct. 1.—The South Zanesville brick and sewer pipe plant burned this morning. The loss was \$30,000.

TURKISH REBELS

LIVE IN GENEVA

Mohammedans and Christians and Aspirants to Throne of Sultan in League.

YOUNG TURKEY PARTY STRONG.

Geneva, Oct. 1.—The headquarters of the several organizations hostile to the sultan of Turkey are in Geneva. They have recently pooled their issues and changed their policy. There are four general organizations, each of which has several branches and fractions with considerable rivalry jealousy and antagonism. They are the following:

First, the Wahabites are a sect of the Mohammedan church which denies the title of the sultan and the present dynasty of the Ottoman empire to the caliphate or chieftainship of the Mohammedan church. They declare that the present sultan is an impostor; that his ancestors many many centuries ago secured the caliphate by conquest in violation of all the teachings of the Koran, and they refuse to recognize his spiritual or ecclesiastical authority. The chief strength of the Wahabite movement is in Arabia, where a revolution breaks out every few years against the spiritual and the temporal authority of the sultan. These revolutions have been periodical for more than a century, but accomplish nothing more than the slaughter of the troops that are sent down to suppress them.

The second organization in numbers and strength is intended for the emancipation of the Turkish province of Armenia and it extends all over the world. It is particularly strong in the United States and in England, and, indeed, wherever two or more Armenians live there is a patriotic organization. Their love for their country is intense, but through the jealousy and rivalry of leaders they are broken into several factions.

The third organization is for the purpose of securing freedom of Macedonia, a Turkish province lying along the Mediterranean south of Bulgaria, the native country of Alexander the Great, Cleopatra of Egypt and various other famous characters of ancient times.

"The cry from Macedonia" to the Christian powers is one of the most pitiful appeals for help and protection that was ever uttered by human beings. No people have suffered more from persecution. The population of that heroic country has been well-nigh exterminated by the bashawzakos and other Turkish soldiers. At present the "Macedonian committee," which has its headquarters at Sofia, the capital of Bulgaria, and for years has been leading the struggle for liberty, is resting from its labors for lack of funds, primarily, and also pending the trial of various reforms that have been introduced there.

The "Young Turkey Party" is an organization intended to overthrow the despotism and establish a liberal monarchy at Constantinople; to abolish the present regime and modernize the government. It is composed of the best people in Turkey, the educated classes, the merchants, the men of affairs and all who desire the progress and welfare of the people, for the policy of the present government is to crush out intelligence and prevent prosperity because both are dangerous to despots. For obvious reasons the organization must be secret and nobody knows who belongs to it. There are a few leaders who are identified and most of them are in Geneva.

Altogether there are about three hundred Turkish refugees in the city, including about sixty students in the university, most of them Armenians. The brother-in-law of the sultan, the husband of his oldest sister, was the recognized leader of the "Young Turkey Party" until his death. In Paris a year or so ago, and I suppose his son, Sabaheddin, may be considered the nominal, if not the actual leader of the movement today. This nephew of the sultan was for a short time a student at Robert college, the Presbyterian institution at Constantinople, but was compelled to fly when his father was denounced as a traitor.

MAHUNDO IS HELD TO THE GRAND JURY

On Charge of Relations With Sister-in-Law.

Attorney Says Defendant Will Go Free, Although Child Is Said to Have Confessed.

WIFE IS SEEKING A DIVORCE

William Mahundro, charged with eloping with Doyle Bradford, 15 years old, was presented this morning in police court. He waived examination, and was held over. Later he gave bond and was released. The girl, wife, and others connected with the case were recognized to appear before the grand jury.

Attorney D. A. Cross declared, "It is nothing but the result of an insane woman's work. As long as Mahundro lived with his wife there was no warrant, and would not be now had he remained with her. She scolded and found fault constantly and he picked up and left. She can not testify against him, but we will have witnesses to prove that the charges against my client are false."

The fact that the girl made a confession will be the greatest obstacle to overcome.

Wants Divorce.

Mrs. Shellie Mahundro, wife of William Mahundro, who is alleged to have run off with his sister-in-law, Doyle Bradford, 15 years old, in circuit court yesterday afternoon, filed suit for divorce against her husband, alleging immorality. The petition asks for divorce, \$500 alimony and the restoration of her maiden name, Shellie Bradford. The sister has confessed to the police.

JAP TRAINING SHIP IS SCORED

Alleged Refusal to Aid Mongolia on Reef Brings Hitter Criticism.

Honolulu, Oct. 3.—The officers of the Mongolia bitterly criticize the officers of the Japanese training ship Anagawa for their refusal to assist the Mongolia at Midway when assistance was badly needed. The Mongolia's officers say that when Purser Reaule went aboard the Japanese vessel to plead for help he was ordered off. It is declared that if the Anagawa had given assistance the stranded steamer could easily have been pulled off the reef, but the Japanese claimed they had not enough coal.

Captain Hanabusa of the Anagawa, today denied that he had shown unwillingness to help the Mongolia. He claimed his only hawser was parted, but he went as close as he dared and ascertained that the Mongolia's passengers were safe.

No reason why any Paducah reader

Should suffer in the face of evidence like this:

Mrs. Martha Hamilton, of 610 Tennessee street, says: "If I contracted a cold which settled in my kidneys, it brought on a severe attack of inflammation of the kidneys and ever afterwards I was subject to pain across my back, although I used every precaution to prevent it. When the attacks were at their height I was prostrated and had to remain in bed sometime. One day I noticed Doan's Kidney Pills advertised for just such conditions as mine. It occurred to me that they might do me some good, so I procured a box at Alvey & List's drug store. They helped me from the start. The dull aching across the small of the back finally disappeared, the pain in my muscles and legs disappeared, and dizziness which accompanied it left, and since I have been only too pleased to tell friends and acquaintances about the result I obtained from using Doan's Kidney Pills."

The gauge registered a rise of 1.2 for the last 24 hours. The stage is 15.8. Rainfall .99 inches.

The Buttcriff arrived from Clarksville last night with handbills offering \$50 each for the recovery of the bodies of Engineer Frank Porter and Expressman Will Wood, who were killed in the wreck at the Cumberland river bridge at Clarksville last Saturday. The L. & N. railroad is offering the rewards. The Buttcriff left at noon today for Nashville.

There were high tides at the wharf last night. A refractory young bull made things lively for a half dozen men and the night wharfmaster. This bull was brought down on the Evansville packet two weeks ago and escaped here. He was found yesterday after a hard search and last night they undertook to lead him on the wharfboat. He protested with all his vigorous young strength, and as he had no horns to hold him with, it was a life and death struggle. The bull resumed his journey to Missouri on the Dick Fowler today.

The Tennessee river is not the only river spouting pumpkins. The clerk on the Buttcriff said that the Harpeth river near Nashville was jammed with pumpkins when the Buttcriff passed yesterday and that it was estimated that there were a hundred car loads there. The rising rivers have covered the corn fields, where the pumpkins grow, and washed away hundreds of acres of them.

Considerable damage is expected from the rains in the upper Tennessee river country. The river there is rising above the banks and damaging the crops in the bottoms. The Clyde will leave this evening for the Tennessee river at 6 o'clock.

The Henrietta had up steam this morning to go over to the island from the wharf here. The Henrietta will start out after a runaway barge which was caught at Metropolis landing. The barge was turned loose by thieves stealing the lines with which it was tied to the island. There seems to be no cessation in the operations of rope thieves.

In a few days the Henrietta will go up some of the rivers after tides. The Jim T. Duffy arrived out of the Tennessee river with ties this morning.

The Lydia had up steam after ties today. The Henry Harley was the Evansville packet today.

At the ways the Speed probably will get off this week but the Harvester will not be finished till next week.

Official Forecasts.

The Ohio at Evansville, will continue rising during the next 12 to 24 hours then probably commence to fall. At Mt. Vernon, will continue rising during the next 24 hours. At Paducah and Cairo, will continue rising during the next several days.

The Tennessee at Florence will continue rising. At Johnsonville, will commence rising again within the next 24 to 36 hours. Flood stages are indicated for the lower Tennessee incoming rise.

The Mississippi from Chester to Cairo, will continue rising.

SIGNS PLEDGE.

Tom Clark Will Abstain for One Whole Year.

Tom Clark, the cigarmaker, who probably has been before the court more times than any other Paducah man for plain drunkenness, this morning signed an agreement written and attested to before Police Judge E. H. Puryear not to drink again for one year. He was arrested this morning for drunkenness and fined \$1 and costs. He was excused by the late Judge D. L. Sanders, and Police Judge Puryear wanted to help him out of his difficulty.

CUBAN SITUATION.

The St. Louis Globe-Democrat is positive that Cuba will be represented by another star in our flag and interprets military intervention to be government as permanent occupation of the island.

The Globe-Democrat has this to say:

In Cuba the inevitable has become the actual. The United States flag which has been raised over the palace and the rest of the government buildings in Havana will never be hauled down. That intervention which President Roosevelt disliked to order, has at last become imperative. As the heads of the Cuban government resigned, as that regime abdicated its functions, and as a motley horde of rebels were at the gates of Havana, the Washington authorities were compelled to step in so as to head off chaos. To the utmost limit at which non-interference was possible without inflicting disaster on the island and humiliation upon us, the United States withheld its hand. Even the most timid or obtuse of anti-imperialists will see that our government could no longer with safety or credit hold aloof. To slightly alter what Taft said of the ancient regime, "The Cuban republic was not killed by its enemies; it committed suicide." The United States troops which have entered Cuba not only carry with them order, stability, and an authority which will allow Cuba to meet its obligations to the rest of the world, but they carry an American sway which will be permanent.

There are a great many, it seems, to believe with the Globe-Democrat that the United States made a mistake in her haste to declare her belligerent intentions toward Cuba at the beginning of the war with Spain; but we doubt if the permanent occupation of the island would be popular just at this time. That the administration must have considered some contingency making an extended occupation necessary, goes without saying; but all indications point to the fact that the administration intends to restore order to the island, right whatever wrongs have been done and set the Republic on its feet again—if possible, implications may arise, of course, which will make the Globe-Democrat's prophecy true, but we anticipate a different ending of the iron over there.

LOVE LEADS TO ARREST.

Postal Clerk Charged With Embezzlement, Risks Capture for Child.

Kankakee, Ill., Oct. 3.—Love for his baby son led to the arrest today of Edward Wood, a Kankakee post-office clerk, charged with embezzlement, who came home from New York City on learning that his child was seriously ill. A score of postal inspectors had been looking everywhere for the man without success for the past two weeks. Wood reached Kankakee on a train at 1 o'clock in the morning. He was recognized by Shirley Moisant of this city, who was a passenger on the same train. On the arrival of the train here Moisant notified an officer, but Wood eluded the patrolman and reached his home, where he was afterward captured in bed after the house was surrounded.

TEN THOUSAND DUNKARDS.

San Francisco, Cal., Oct. 3.—The Southern Pacific railroad announces that 10,000 Dunkards are heading toward California from Iowa, Illinois, Missouri and Kansas. They are coming to form a large colony in Butte Valley, Risky Mountain, where they have purchased 10,000 acres of land. They will locate two cities on the projected line of the Southern Pacific which will run from San Francisco to Portland via Glamath Falls, and will farm 10,000 acres.

They will make Butte valley the largest Dunkard settlement in the world.

TWO GRAVES COUNTY CITIZENS PAY FOR EXCITEMENT AT THE ILLINOIS CENTRAL.

Sam Dorish and Ernest McNealy, of Graves county, tried to take charge of the Illinois Central station lunch stand this morning, but C. W. Cherry, who was in charge, objected. The two Graves county men tried to eject the night manager. Cherry "mixed in" and the two were hustled out in and the two were hustled out. They remained near the door and used profanity. The train they intended taking home was late and it was daylight when they started down the track. Patrolman James Clark arrested them. This morning in police court they were fined \$10 and costs, the costs to be divided.

Judge Puryear continued his decision in the cases against Ed Vasen and Herman Williams for knowingly receiving stolen ice tickets. He will decide it this week.

Other cases: James Hare, disorderly conduct, dismissed on condition that he leave town; Pete Griffin, breach of peace, \$5 and costs; Robert Curry, colored, disorderly conduct recognized for \$100 to keep the peace toward Maude Curry for one year; Paducah Distilleries company, four warrants, selling liquor without a license, continued; Will McKinley, colored, house-breaking, continued.

YOUNG WOMAN KILLED ANIMAL AFTER SHE FALLS AND IS PINED.

South Bend, Ind., Oct. 3.—D. A. Harding was fined in police court, today, on a charge of cruelty to animals. Harding, who has a bad fondness for flying large kites, has had trouble in keeping them in the air because of a lack of ballast. To remedy this he caught his cat and tied her to the tail of his kite. Unbound success followed, the kite soaring 300 feet before the cat slipped and fell to the ground, stunned but otherwise uninjured. To destroy evidence of his experiment, Harding killed the cat.

Charming Reception at Voris Home. Dr. and Mrs. Victor Voris gave a very charming informal reception last evening at their home on West Broadway after "The County Chairman" at The Kentucky theater, in honor of Mr. Maelyn Arbuckle, the leading man and a former friend of Mrs. Voris in Texas. Mr. Arbuckle was accompanied by his wife, who is not on the stage, however, and both made a delightful impression socially. Mrs. Arbuckle is a New England woman and is strikingly like Mrs. Grover Cleveland. Their house is on one of the islands of the St. Lawrence river where they have an artistic gullow and spend each summer.

The Voris home was most attractive in its arrangement last evening. In the dining room the table was an effective setting of fern leaves and lace work and green candles, with American Beauty roses scattered over it. Miss Martha Davis, Miss Hattie Corbett, Miss Susie Thompson and Miss Marie Cobb assisted here and a hot lunch was served in the Buffet. In the living room the punch bowl was presided over by Mrs. J. C. Flounoy. About sixty guests were present and those from out-of-town were: Mrs. John H. Love, of New York, who is visiting Mrs. Robert Becker Phillips, Mrs. Anne Berriman of Clarksville, Tenn., the guest of Mrs. J. C. Flounoy; Miss Love, of Indianapolis, the Misses Etelle's guest; Miss Xavie Haynie, of Galatin, Tenn., who is with Mrs. John S. Bleeker; Miss McCandless, of New York, visiting Mrs. John McCandless, and Miss Irene, of Webb City, Mo., the guest of Miss Marjorie Scott.

Tea to Sponsors. The Afternoon Tea to be given tomorrow afternoon from 3 to 5 o'clock in the handsome quarters of the Chess, Checker and Whist club, at Sixth and Broadway, will be one of the most delightful affairs of the gala week. The reception committee will be assisted by all the other committees and the horse show colors will be carried out most effectively in the decorations with red and yellow dahlias. Hillman's orchestra will play during the afternoon. Mrs. Armour Gardner will preside at the tea table and will be assisted by Mrs. Carrie Ellis, Miss Carline Sowell, Miss Mary Scott, Miss Martha Davis, Miss Marie Cobb, Miss Robbie Corbett.

There are about twenty sponsors who will be present and add to the attractiveness of the affair.

THINK PRINCETON LOOKS BEST.
Yale Coaches Say Tigers' Showing Is Ahead of Others' So Far.

New Haven, Conn., Oct. 3.—Yale's football coaching squad, including Walter Camp, Rockwell, Hoyt, Captain Morse and Tackie Forbes, attended the opening games of the season by the big universities and came home brimful of ideas for Yale's first match of the season with Wesleyan here next Wednesday. Judged by the notes made by Yale men, Princeton's eleven has made the best showing up to date.

A Yale-Harvard conference was held by Head Coach Rockwell, of Yale and Bill Reid, of Harvard, on Friday night, when they met in New York city at the meeting of the rules committee. They discussed the outlook in detail and agreed that the new rules had revolutionized the game. They swapped hard luck stories and concluded with each other before parting.

The Yale coaches denied that secret practice was to begin tomorrow. They will insist that they don't expect to order it before Oct. 15.

Jack Owley, of Chicago, last year's head coach, arrived to remain all the week developing Yale's kicking game.

Which Rockwell and Camp believe will be the keynote to success under the new rules. Frank Butterworth also has promised to coach the punters this week.

George E. Cross, guard three years ago, will coach the center men tomorrow. Both the varsity and the freshman squads are the smallest this year they have been in several seasons at Yale, and the Yale Daily News attributed their size to lack of interest in the new game. Captain Morse issued a general call for candidates last week which brought out only a handful of players. The Yale squad today numbers only forty-five men, as against seventy-five in former years.

TRACKS BLOCKED

FREIGHT TRAIN CAUSES DELAY ON LOUISVILLE LINE.

Passengers Compelled to Detour By Way of Owensboro to Get Around It.

Several cars in north bound freight train No. 152 left the rails north of Central City last night and the track was blocked for hours. The fast Louisville and Memphis passenger train, No. 103, due at 3:40 o'clock, had to detour, going from West Point over the Texas road to Owensboro and then taking the Henderson district to Princeton, before the main line was reached. No. 103 arrived shortly before 9 o'clock. Few details of the wreck were received here. The wrecker was sent to the scene with orders for a clear track. No graphic report except that no one was injured was received here.

STORM'S DAMAGE NOT OVERSTATED

Loss of Life Reaches Hundreds and Business Almost Prostrated Along Gulf.

SOME RECORDS OF THE BLOW

Mobile, Ala., via Meridian, Miss., Oct. 1.—The number of casualties in the great storm of last Wednesday is slowly increasing, as messages are received from places which have heretofore been inaccessible. The total last night of the known dead was seventy-five. This number was brought up to a certainty of seventy-nine and a possibility of 102 by the reports which reached Mobile during the night, and early today.

Captain Wilson, of the Ipana reported that the beacon in the bay and all of the range lights have been carried away and declared that the lighthouse on Sand Island had been destroyed, only the tower remaining. There was no light burning, he said, on the approached entrance into the harbor. Captain Hansen of the Beize, saw the light somewhat earlier, and it must, therefore, have been destroyed on Wednesday evening.

The government tender Ivy went down the bay early today around the entrance into the harbor and to make a careful examination of possible changes made by the storm in the channels between the entrance to the harbor and the city.

The situation along the coast to the west of this city is now fairly well known. At Scranton, Miss., one church, the Odd Fellows' hall and several buildings were blown down.

At Pascagoula beach not a residence is standing, the river front at that point is completely torn up, and the light house there has been destroyed. Shipping at this point, however, has not been badly damaged. The revenue cutter Winona for which much care was entertained, is now known to be safe. The crew of the cutter rescued the keeper of the Pascagoula lighthouse and his family during the storm.

The keeper of the Horn Island light house, just outside of Scranton, lost his life. The captain of a tug which came near the house at the commencement of the storm urged him to leave but he refused to abandon his post, and in a short time was drowned. The entire end of the island on which the lighthouse was situated is said to have been carried away.

At Biloxi the damage has been of a minor character to buildings.

At Pass Christian no lives were lost and the damage was slight.

The wrecking of a few houses comprised the damage at Gulfport, no lives were lost there.

Five out of eight vessels at Ship Island at the time of the storm were beached, and two will be total wrecks.

Several vessels, the names of which are unknown, are ashore off Horn Island, and the small islands marking the passage between Dauphin Island and the mainland have been destroyed. The beacon lights on this part of the coast are greatly damaged.

It is now believed that the loss to the lumber interests alone by the storm will aggregate \$10,000,000.

At Pensacola.

Pensacola, Fla., Oct. 1.—It is difficult to give any adequate idea of the magnitude of the storm devastation here. The entire water front is a mass of tangled wreckage. The costly bridge of the Louisville and Nashville railroad, spanning Escambia bay, was demolished, and it will be many days before trains can go eastward. Officials of the road believe the foundation is intact and the work of rebuilding will be begun as soon as possible. Train service north has been restored.

Out of fifteen fishing schooners of E. E. Saunders & Co.'s fleet only one is afloat, Warren & Co.'s fleet suffered equally as bad, one only being undamaged. The others are on the beach and some of them broken up. The tugs Monarch and Mary Lee are high and dry in Main street.

Among the ocean-going craft hard aground are the Norwegian ship Ingrid, Norwegian bark Heimdal, Norwegian ship Avant, Portuguese ship Ferrolha, schooner Donna Christina, Swedish bark Alphild, Norwegian bark Hereford, German bark Maria, Swedish bark Neach VI, Italian bark Olivar, Norwegian bark Sunper.

The fishing schooners Lottie Hasling and Carrie E. Chase and the lighter Iris crashed into the bay shore home of Laz Jacoby, wrecking it, and the crew of the Chase were rescued from the front gallery of the residence.

Twelve Cows.

The monthly report of L. Rice, the cow policeman, shows there were 12 cows and four calves taken up during the month of September.

HON. E. W. BAGBY ENTERS THE RACE

General Hay a, Anti-Administration Candidate, Will Speak Here Tonight.

REGISTRATION DAY TOMORROW

In spite of the other attractions this week, it marks the advent of the political season and politics is interesting. Pindicanians just now.

In addition to the fact that tomorrow is registration day the Republican city convention takes place one week from Thursday, and a contest is promised for the first place. President George McBrown, of the board of councilmen is already on for city judge, and this morning Hon. E. W. Bagby announces his candidacy for the place. Both are good men and both entered the race at the opportunitiess of friends after mature consideration. Whoever wins the nomination, it will be a case of the people quiet will ensue. Taft has ample force at hand to protect Havana.

Secretary Taft issued a proclamation to the people of Cuba today, relative to taking charge of the Cuban government. He says until further notice the heads of departments of the central government will report to him for instructions. He asks all good citizens of Cuba to assist in the work of restoring order, tranquility and confidence.

Humors of the wildest nature are circulating throughout the city. Moderate leaders are reported as preparing to take to the woods to organize forces to oppose American occupation.

General Hays made such a strong fight, especially in the city where he ran ahead of Judge Lightfoot, that he was urged to run for police judge at the next regular elections. This statement was made by the well known attorney this morning, and while he did not state definitely that he will run, intimated his intentions of becoming a candidate.

Hon. E. W. Bagby made such a strong fight, especially in the city where he ran ahead of Judge Lightfoot, that he was urged to run for police judge at the next regular elections. This statement was made by the well known attorney this morning, and while he did not state definitely that he will run, intimated his intentions of becoming a candidate.

General Hays will speak at the court house.

GENERAL HAYS HERE.

Attorney General Hays, anti-administration candidate for the Democratic nomination for governor, will speak here tonight. The first announcement came this morning by long distance telephone. The notice is so short that his friends are stirring themselves to get up a crowd.

PLOT IN CASTLE OF RUSSIAN CZAR

Campaign of Assassination Promised by Attack on Military Prison at Warsaw.

COMMANDANT IS MURDERED.

Warsaw, Sept. 29.—Terrorists today forced their way into the military prison, fatally shot the commandant and escaped. This attack on the prison commander is regarded as an attempt on the part of terrorists to carry out the new program of warfare against the government of Warsaw. The prison contains many political prisoners. Fears are entertained of an attack on other prisons throughout Poland, many of which are crowded to overflowing with political prisoners.

The decision to put out a full ticket was, without exception, agreed to, and everyone expressed himself as believing that a good candidate for city judge will be elected with the remainder of the ticket. It is probable that those members of the two boards of the general council and the school board, who are willing to make the race again this year, will receive renominations without opposition.

None of the members of the city legislative boards sought nomination the first time, and none of them are actively seeking re-election, but so far only one member has expressed a positive declination of the nomination. This is Counterman Louis Kolb, of the Third Ward. Strewn's efforts are being made to induce him to remain. The records of the boards compose the best platform party leaders can think of adopting, and for this reason it is considered proper to accord the old members renomination.

However, in event any of them withdraw, one of equal standing will be substituted. In the Third ward Mr. Henry Kammler, H. S. Wells and W. P. Brauner are mentioned as possibilities and one of them may be induced to make the race.

Hon. E. W. Bagby and President G. O. McBrown, of the board of councilmen, are mentioned for city judge.

REGISTRATION DAY.

Registration day is next Tuesday, and every voter is urged to register on that day. It saves the party organization much trouble and wasted energy. Sometimes it is as difficult to get the voters to register as it is to get them to vote. The one is just as necessary as the other.

The Democratic committee did not meet last night to canvass the vote of the primary and Chairman W. A. Berry has called a meeting for Tuesday night at the city hall.

Recognize Bryan as Leader.

Honolulu, Sept. 29.—The Democratic territorial convention in its platform declares that W. J. Bryan is the acknowledged leader of the party.

After expressing approval of the Roosevelt administration, the home rulers endorse George H. Carter, the present incumbent, for governor.

INVENTOR OF AIR-BRAKE DIES.

Portland, Me., Sept. 29.—George H. Poor, the inventor of the air-brake generally used on American railroads, died today at the age of 61 years.

Another meeting of the national congress on uniform divorce laws will be held in Philadelphia beginning November 13.

IN THE MUD

BARNUM'S CIRCUS GOT STUCK IN CAIRO, ILL., YESTERDAY.

Fulton Date Cancelled and Memphis Is Only Southern Stand Before Going East.

Is Cairo muddy? Barnum's circus got stalled in the mud in that city yesterday and it took all the elephants and horses and men with the show to get the wagons out of the mire.

Barnum's circus did not perform in Cairo. When the tent pegs were driven into the ground they went down with the ease that gave a significant imitation of quicksand, until something was tied to them. Then they came out of the ground as fast as the canvas tugged in the wind.

Fulton also was cut out of the itinerary and Barnum's show went direct to Memphis. From Memphis the show proceeds east, releasing all its southern dates. The show has been losing about \$7,000 a day for a week or so on account of the bad weather, and insufficient sidings.

SEVEN KILLED

FIFTEEN INJURED IN PENNSYLVANIA WRECK.

Train Strikes Bear of Passenger and Near Station of Edington—One Identified.

Jersey City, Sept. 29.—A train, which left here this morning, ran into the rear coach of a Pennsylvania passenger train near Edington, Pa. Railway officials say seven persons were killed and fifteen injured. One of the dead is a Miss Brown of Elizabeth, N. J.

PHONE HABIT BREAKS UP HOME.

Wife Asks Divorce, saying Husband Annoys Her by Calling Her Up.

Cleveland, Sept. 29.—William Betz has the "telephone habit," declares his wife, Vina, who filed suit for divorce today. She says that at all hours of the day and night she is called to the telephone by Betz and asked foolish questions. Often, she says, he awakens her at midnight by calling up to ask her "If the mockingbird sings." She asks the court to force Betz to quit bothering her.

Indiana Nominees Leave State.

Washington, Ind., Sept. 29.—Today the Democratic and Republican candidates for treasurer of Martin county left on the same train for the west. They will not return until after the November election, both candidates having entered into a written agreement to remain west of the Mississippi river. Martin county is infested with political buzzards. To escape these fellows the rival candidates for county treasurer decided on the state.

Dies From Injuries in Prize Ring.

Buffalo, N. Y., Sept. 29.—Following a prize fight held Saturday night at Titus Hotel, Woodlawn Beach, Richard Nunson, 20 years old, one of the contestants, died yesterday. Injuries to the brain resulting from a blow behind the left ear are said to have caused the young man's death. Walter Robinson, colored, 26 years old, Nunson's opponent, was arrested.

Kills Her Insultor.

Chicago, Sept. 29.—Armed with a revolver, Irene Spence confronted Samuel Clifton, who was waiting for her with a keen bladed cleaver, and shot him dead on a rear porch of a house in which they both lived. Irene Spence made no attempt to escape. She informed the police Clifton insulted her and when she resented he threatened her life.

Child Labor Law Goes Into Effect.

New York, Sept. 29.—The amendment to the state labor law prohibiting the employment of children under sixteen in any line of calling or business after this afternoon will go into effect next Monday. The new law, it is stated, will be vigorously enforced.

Goes to See Gunny Practice.

Oyster Bay, Sept. 29.—President Roosevelt left aboard the Mayflower today for Cape Cod bay to observe gunny practice of the warships of the Atlantic fleet. Assistant Secretary Lane accompanied him.

After Sugar Trust.

Philadelphia, Sept. 29.—As a result of the failure of the real estate trust company, Receiver Earl will enter suit against the sugar trust for \$5,000,000.

MADE FROM NATIVE ROOTS.
SAFE AND RELIABLE.

That the roots of many native plants, growing wild in our American forests, possess remarkable properties for the cure of human maladies is well proven. Even the untutored Indian had learned the curative powers of some of these and taught the early settlers their uses. The Indian never liked work so he wanted his squaw to get well as soon as possible that she might do the work and let him hunt. Therefore, he dug "papoose root" for her, for that was their greatest remedy for female complaints. Dr. Pierce uses the "Favorite Prescription" skillfully combined with other agents that make it more effective than any other medicine in curing all the various weaknesses and painful derangements peculiar to women. His prescription has been saved from the operating table and the surgeon's knife by the timely use of Doctor Pierce's Favorite Prescription. Tenderness over the lower pelvic region, bearing down pains, spasmodic pains, neuralgic pains, etc., are relieved by "Favorite Prescription" in all such cases, and generally effect a permanent cure if persisted in for

GOVERNOR BECKHAM WILL SPEAK TONIGHT

Will Be Met at the Train By Reception Committee.

Expects to Spend Tomorrow Morning Here and Attend Immigration Convention.

GOES TO SMITHLAND AT NOON.

Friends of Governor Beckham in Paducah are exerting every endeavor to make his reception here the equal of any in the state, and this morning they are confident there will be a large attendance at the Kentucky theater, where he speaks at 8 o'clock.

He will arrive on the evening train from Eddyville. A reception committee will meet him and conduct him to the Palmer House.

The Hon. Hal S. Corbett will introduce him tonight.

Governor Beckham will remain at the hotel until 11 o'clock tomorrow morning. He has a speaking date at Smithland tomorrow afternoon and he will start at noon in the private launch of Messrs. Frank Rieke and Saunders Fowler, reaching Smithland in plenty of time for the address. During the morning Governor Beckham hopes to meet all his friends personally.

Governor Beckham will attend the opening session of the immigration convention tomorrow morning.

ROBBERS USE POISONED BAILS

Highwaymen in Oregon Adapt Indian Plan to Pistols.

Portland, Ore., Oct. 3.—Armed with a Mauser pistol, two highwaymen held up and robbed two automobiles loaded with people on their way to the Clairmont Tavern, on the Linton road, late last night. Within an hour the robbers were under arrest and this morning were identified by their victims. The automobiles were baited by a log thrown across the road. One of the robbers has been identified as John Hall, a desperate burglar and highwayman.

The pistol used is said to be the most deadly that it made. It is never used by sportsmen and its only purpose is said to be the taking of human life. The weapon was loaded and on Hall's person were found 100 cartridges of a kind that cause certain death, no matter whether or not they strike a vital part. In the ball of the cartridge a small hole had been excavated and filled with a deadly poison.

WATER NOTICE.
Patrons of the Water Company are reminded that their water rent expired September 30. Those who desire to renew their should do so before it is forgotten, as all premises not paid for on or before October 10, will be shut off.

The prompt payment of water rents will save vexation and cost to the consumer, and unpleasant duties and annoyances to the company.

The output of coal in Vancouver Island for 1903 aggregated 994,213 tons, of which 427,698 tons were shipped to the United States.

It's a poor rule that can't be broken any old way by an experienced grifter.

Theatrical Notes

HORSE SHOW . . . October 3, 4, 5, 6
IMMIGRATION . . . October 4-5

"Why She Was Sacrificed," or For her Father's Sake," will be played at the Kentucky tomorrow night by a company of well known players. Last year the play had a long run at the Majestic theater in New York and is considered one of the best on the road. It is a beautiful three-act drama, interspersed with sparkling comedy and spectacles. The leading lady is the well known Miss Elizabeth Charles, supported by B. C. Antonson, Miss Louisa Hauser, Harry Wunder, comedian, and other popular show people.

Clean Comedy.

As fresh as ever, with the original star, Maelyn Arbuckle, in the principal role, George Ade's masterpiece, "The County Chairman," was presented at the Kentucky theater last night. Many of those, who witnessed it last season were present again last night. The company was a shade less at home in the parts, but every character was acceptably played. Clean, wholesome, American humor is what George Ade has compounded in this caricature of village life and politics of every section. Originality, vitality, naturalness and diversity—all these are present in the piece; but best of all, Ade is able to furnish amusement without vulgarity, or suggestiveness.

Mr. Fred Claire, solo cornet player for the Barnum & Bailey circus band, and one of the best first violin players on the road, has accepted a proposition from Mr. Bert King, director of the Paducah Military band and leader of the Kentucky orchestra, to come to Paducah for the winter. He will lead the Kentucky orchestra and will play cornet at the band. Claire leaves the circus at the close of the season in a few weeks.

CHOKED ON BEEF.

John Mahaffey Was Purple in Face but Got Well.

But for the timely arrival of physicians yesterday at noon John Mahaffey, an employee of the Illinois Central, might have choked to death. Mahaffey was eating dinner and a piece of beef started down the wrong way. Mahaffey began to choke and physicians were summoned. He was purple in the face when they arrived, but was brought around and this morning was on duty again. Mahaffey resides on South Eleventh street.

Officials Going South.

Big officials on the Illinois Central are moving about the southern districts in great haste looking after the interests of the road. At this time the southern lines have caused a great deal of damage making the track beds soft and interfering in other ways with traffic. Yesterday Mr. H. R. Safford, the first principal assistant engineer of the road, and Superintendent of Southern Lines Mr. McCourt, passed through. Next came J. T. Harahan, second vice president, and his son, W. J. Harahan, fourth vice president, arriving this morning from Memphis on the accommodation train. Supt. A. H. Egan and Roadmaster F. L. Thompson came in last night, and Paducah entertained several of the most important officials on the system.

In Graves County.

Mayfield, Oct. 3.—There were about 1,000 hogheads signed Monday by the dark tobacco association, and it is probable that when the full report is heard from all over the country that probably 500 new members were signed over last year. Graves county had 1,800 members last year and Mr. Usher estimated that the membership would go to 2,000 or more if the reports from the various sections of the county were true. Robertson county, Tenn., is the banner county for membership, having 2,200.

Card of Thanks.

We want to sincerely thank our friends and neighbors and also the N. C. & St. L. and I. C. railroad shop employees, for their kindness shown to us during the illness and death of our mother and wife Cora, and may the blessings of God rest upon each and every one with our prayers.

J. M. GREEN.
ADA GREEN.

Rev. N. L. Clarke, of Newton, Miss., a pioneer Baptist minister of the state, who died a few days ago at the age of 96, had been actively engaged in pastoral work there for sixty years. On many occasions in early days he risked his life among warring Choctaw and Chickasaw Indians.

The Egyptian week was one of ten days. The ancient Chinese and Japanese did not count by the week at all.

IT'S AN ILL WIND, BUT SOME PROFIT

Constant Rain Has Caused Business in Some Lines.

Shoe Dealers, Clothes Pressers, Doctors and Druggists Are Kept Busy.

TOBACCO SLIGHTLY DAMAGED

Paducah-in-the-OHIO, instead of Paducah on the Ohio soon will be the geographical location of the city—if it doesn't stop raining. All the rivers are booming and boundary lines are being ignored.

The day began without rain and at noon the sun was making titanic efforts to break through the clouds, which so long and so successfully have besieged the city. The weather man has gotten into the habit of predicting rain and probably did so for today in his sleep.

But the women's committees of the horse show will not accept any such decision and it seems that the natural forces are siding with them in their battle for the public against the tyrannical weather man.

The farmers are beginning to wear long faces. Tobacco will be hurt by continued rain and other crops, especially hay, are rotting from the wet condition of the ground. The shoe stores and merchants dealing in wet weather goods have no complaint. The demand for overshoes, raincoats and umbrellas has made stocks low.

All the clothes pressing clubs have piles of mud-beamed garments on hand, a conspicuous and annoying— to the wearers—accompaniment of bad weather. 50 inches of rain fell since yesterday, making a total of some four inches for the week.

Laundries' Harvest.

The laundry man is gradually fading into unimportance and the coal man is coming in, but it is not "how would you like to be the coal man" so much as it is "how would you like to be the laundryman?"

The laundries are doing more work today than they have done in months, ever since the rains set in. The weather has been such that the washerwoman can not operate satisfactorily. She can wash the clothes all right but drying them is the most important part of the job. The rains make this impossible and the limited floor space in the average washerwoman's house makes it impossible to do the work of drying indoors. Last week hundreds of Paducahans failed to get their clothes washed and this week today they stand no better chance than last week. Many have patronized the laundries.

Many people are sick as the result of the weather and the first grip cases of the season are reported. Those subject to malaria also suffer while severe colds keep the druggists and doctors busy.

SEES RETURN OF APE IN HOBO.

Student of Under World Says Tramp Is Reversion to Type.

London, Oct. 3.—That the tramp is a reversion to type is the opinion of Dr. J. Milson Rhodes, student of the substrata of social life in the world over.

The tramp, be he the Weary Will of the states or the vagabond of England or the continent, has the shambling walk of the anthropoid ape. In other ways, too, Dr. Rhodes sees a strong resemblance.

"I have walked with tramps and talked with tramps the world over," said Dr. Rhodes, "and everywhere they are the same degenerate type. Besides in the shuffling gait, the resemblance to the ape is borne out in the man's face. There is not a sign of intelligence there. Morally, physically and mentally the tramp resembles the ape more and more each generation. We must discourage the growth of this class of men."

Southern Pacific Troubled.

San Francisco, Cal., Oct. 3.—Although the work of the Southern Pacific is going forward to check the rising waters of the Salton sea, all efforts so far have been unavailing and the officials in charge of the work have given orders to construct a new track further from the path of the rising sea. The water of the Salton sea is already lapping dangerously near the present roadbed of the Southern Pacific. It is calculated that if the present rate of the inflow is maintained the tracks of the Southern Pacific will be submerged in a few weeks; in fact, before it has been checked by the new dam.

Increase Salary of Circuit Judge

(Continued on Page Four.)

Paper and charity fund, \$6,814.45.

Morning Session.
At 9 o'clock the morning session began and a resolution hereafter placing the keeper of the county sanatorium, the poor farm, under the control of the county Judge absolutely, was adopted.

County Attorney Alben Barkley, County Physician L. Edwin Young and Magistrate J. J. Blech were appointed a committee to draft rules and regulations for the government of the county poor farm.

The compensation of the poor house keeper was fixed at \$2.40 per day per patient. This is the same as last year.

The county commissioner's salary was fixed at \$200 per year, the same as last year, and the board then went into a caucus and reported the name of Will Thompson of the county, for the place of keeper of the poor farm. He was elected. He had many opponents and succeeded Robert Wilkins. His term is for two years.

An election of a county commissioner was gone into and Magistrate John Burnett elected.

The employment of a veterinary surgeon to inspect cattle brought into the county was discussed and held over until the January meeting. The state veterinary has requested that the county employ an inspector. Dr. Fisher, of the firm of Fisher & Farley, agreed to take the position at \$25 per month.

The report of Road Supervisor Iver Johnson was filed. It showed work done three months preceding July 1 as follows: Bridges, \$2,925.70; gravel roads, \$2,317.53; dirt roads, \$3,744.22; pipe bought, \$2,329.73; tools, \$1,250.84; total, \$12,568.02.

Work done since July 1: Bridges, \$2,112.86; dirt roads, \$4,320.30; gravel roads, \$2,973.83; piping, \$782.94; transit level, \$125; tools, \$264.22; total, \$10,579.15. Grand total for six months, \$22,147.17.

Accounts were allowed as follows: News-Democrat, \$54.55; M. J. Michelson, \$14.50; James Baker, \$609.40; R. G. Terrell, \$5; A. List, \$5; Robert Wilkins, \$706.50; J. S. Troutman, \$5; L. E. Young, \$5.

Clyde Cooper was allowed \$18 quarterly for the benefit of Mattie French.

Dr. Harper, of the county, was allowed \$5 for holding a post mortem examination. His original bill was \$10, but by agreement was cut.

A bond was presented by an attorney for payment, but it was learned it had been paid, it was an old railroad bond, which should have been destroyed.

The sheriff reported the collection of \$32,217.37 for September for the county, but the total collections for the county and state will amount to \$53,695.61 for the month.

Paducah Merchants Hit.

John Ballinger, a merchant at Gertville Marshall county, Ky., filed a petition in bankruptcy this morning in the federal court, stating liabilities to the amount of \$1,714.92 with \$940 assets, part of which are exempt. The schedule shows many creditors, seventeen being Paducah firms. Of the heavier creditors here the following is the list: Meyer-Schmid-Clark company, \$100; L. Naehni, \$65; Dutbo-Koib & company, \$35; George O. Hart Sons company, \$30; Hank Bros., \$40; Parrill-Tuscal company, \$80; Jackson Foundry and Machine company, \$75.

Suit Against Rehkopf.

This morning in circuit court a petition was filed by the National Bank of Commerce of St. Louis, against E. Rehkopf, John Rehkopf, the E. Rehkopf Saddlery company, \$100; L. Naehni, \$65; Dutbo-Koib & company, \$35; George O. Hart Sons company, \$30; Hank Bros., \$40; Parrill-Tuscal company, \$80; Jackson Foundry and Machine company, \$75.
